14<sup>th</sup> November 2011

Dear Denis

**St Josephs School for the Visually Impaired, Drumcondra – Difference Day – 13<sup>th</sup> October 2011**

Thank you so much for the enjoyable and hugely rewarding day at St. Josephs School for the Visually Impaired last month. The project was meticulously prepared and executed from start to finish and your attention to detail in the planning really paid dividends on the day. You even managed to organise perfect weather!

The feedback from staff after the day was unanimously positive, many of us were moved to have had the opportunity to interact with some of the children who attend the school. Most of us have never participated in anything like this before and we found it an extremely rewarding and positive experience.

Thanks again to you for all your hard work and enthusiasm and thanks to your colleagues who directed and helped us on the project on the day itself. The day was a huge success and enjoyed immensely by all.

Yours Sincerely,

**ODHRAN GINNITY**
